Can anyone tell me the
oil capacity of a 1990
454 Crusader? When I
change it, I can get

about 4 1/2 quarts out of the block using the pump that draws it from the dip stick. I get another 2/3's of a quart from the oil filter. After that, I add/run her until I reach the appropriate mark on the dip stick. The manual I have is not for the year of my Crusaders.
